

SeaGate
Food Bank

Annual Report 2015

Mission Statement

We aspire to eliminate hunger, and commit our energies to this, as a non-profit organization, we serve in a regional capacity, through partnerships with others, to identify and direct available resources, providing access to adequate food for all.

We will accomplish this by:

- Working in a regional capacity for the solicitation, collection and distribution of food.
- Coordinating agencies in northwest Ohio to fight the problem of hunger through a distribution network.
- Networking with outreach service providers to assist with client needs.

- 21,365 PJs and night time items
- 2,923lbs grown in our Vertical garden produce

This is accomplished with only 10 devoted staff and 4932 very focused volunteers!

New to Seagate

Seagate Mobile Farm Market is a “Huckster Wagon” that was pulled by a pickup, now we have a great refrigerated truck. Our truck went to 18 different locations bi-weekly. The market offered fresh local fruits and vegetables to a population living in a food desert. Customers were able to use their Farmers Market coupons, WIC Farm Coupons or SNAP card to purchase fresh and healthy alternatives to the “corner store” purchases.

ERA (Eat Right Academy) Seagate’s 8 week nutrition and cooking class saw 38 individuals to the program completion. This is 38 families on their way to good nutrition and combating childhood obesity!
